BRIEF ABSTRACT OF LETTER.

Observes that the maintenance of the first section of Shimoga - Yedahalli road is a legitimate charge on the Forest Department and requests that a sum of Rs 5000 be made available ~~for expenditure~~ this year out of District Funds for expenditure towards the Special repairs of the road estimated to cost Rs 10669.

NOTES AND ORDERS.

No provision has been made for this Special work in the current years D.F Budget. The financial condition of the Kadur District Board as per budget sanctioned for this year is as shewn below: —

2) It will thus be seen that the Sanctioned expenditure is far in excess of the receipts. ~~and no extraordinary circumstances account for this although~~

3) The normal expenditure is generally equal to the normal income and the excess grants under Public works this year partly accounts for the expenditure being in excess of the income.

4) The Chief Engineer is of opinion that the forest Department largely uses the first section of the road and that the road is much damaged by the traction Engines

5) In case the sum of Rs 5000 required for the work can not be met by a re-appropriation of sanctioned grants the same will have to be met from the closing balance which exceeds the prescribed minimum by nearly 6000 Rs.

2. Repairs to the other portions Rs 2,708/—
Total Rs 10,669/—

8) Though the road is a D. L. Road and its maintenance is a Charge on the District Funds, in view of the fact that the Forest-Dept which keeps and spoils the road most, does not Contribute to the District Funds, a Contribution equal to the amount of the 1st estimate i.e Rs 7,961/— from the Forest-Budget, or at any rate, from the provincial revenues appears to be equitable and just. The other estimate may be carried out next year as the Chief Engineer does not propose to complete the project in one year.

15) In view of the conditional clause "so far as the funds at its disposal will permit" in Sec 7 of the LB Regulation it may not perhaps be deemed fit to exercise the power given by Sec 29 of the Regln.

16) Further the allegation that the financial condition of the Dt. Bd is not sound is not ~~wholly~~ wholly untrue. Government having recognised this, have sanctioned a grant-in-aid of Rs 2500 a year for the maintenance of the Bababudanhill road.

17) The District Board & the Public Works Deptt are of opinion that the bad condition of the road is mainly due to the timber traffic of the Forest Deptt but the Forest Department is not likely to agree to bear the charges of repairing it. (Please see the Conservator's views on a former occasion in pages 5-6 of the notes in LB. File No 363 of 1907-08 B Sept 1907)

18) It is understood that grants from Local Funds General are not usually given for the repairs of roads and it is apprehended that the grant if sanctioned in the present case may form an inconvenient precedent inviting similar applications from other Dts.

21) (1) Art 95. Chap 6. Vol I Seventh Edition of the Account Code referred to by the Conservator lays down rules for regulating the conditions under which one department of public service may charge another department.

Probably rule IV therein is alluded to.

This rule lays down that Service departments are not allowed to charge other Depts for services wh fall within the class of duties for which they are constituted. Probably it is meant that since District-Bds are constituted for the maintenance of roads they can not legitimately demand contributions from Depts of Govt for road repairs.

But it is submitted that the District-Board is not a service department of public service to which the rule refers.

22) (2) A memo on Local Funds General and a copy of the order for regulating the grants from L.F.G. Dept are put up. The grants were usually made for Bridge works & well works in times of scarcity. The allotment is on account of urgent works that can not be undertaken by D.Bds without exterior help.

SERIAL No. 1

To

K.R.Srinivasiengar, Esq., M.A.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments.

S i r,

I have the honour to forward the accompanying estimate amounting to Rs 10,669 for the special repairs of Shimoga-Yedahalli road from miles 14 to 24 in the Kadur Division and to inform you that the road surface in the first section, viz., from 14th to 17th mile, is entirely exhausted on account of the Traction Engine of the Forest Department working with heavily loaded waggons. Besides this, several furlongs have had no recoats for many years. To make this portion of the road fit for the traffic of the Forest Department, it is proposed to recoat 32 furlongs with a double coat of metal, 70 cyds rough and 70 cyds broken at an estirated cost of Rs 7,961. Though this is a legitimate charge on the Forest Budget, Government in their order No.2612-6/L.B.363-07-4 dated the 12th September 1908 did not favourably view the proposal ever to levy any contribution from that Department towards the up-keep of the road.

P.

2. The cost of recoating 18 furlongs in the 2nd section, viz., 18 to 24 miles, is Rs 2,708. The two estimates aggregate Rs 10,669. Complaints have been frequently received from the planters regarding the unsatisfactory condition of this District

District Fund road and early attention is therefore required. As there is no provision for the work in the current year's District Fund Budget, I request that Government may be moved to sanction an allotment of Rs 5,000 for expenditure on the road during the current year.

I have the honour to be,

Sir

With reference to your letter No. 1989/Lb. 40-13 dated 18th August 1913, stating that an allotment of Rs.5000/- is required for the current year for the special repairs of the portion of the Shimoga - Yedehalli road within the Kadur District and asking me to point out in consultation with the District Board, the source from which the cost can be met, I have the honor to state that the matter was considered by the District Board at their meeting held on 22-8-1913. A copy of their resolution is herein enclosed for reference.

It is seen therefrom that as the Board is already paying for the annual repairs of the road at Rs100/- per mile which is the highest rate allowed to District Fund roads in this District they regret that their financial condition does not permit of any further contribution being made for the special repairs of the road in question, and suggest that

that the cost of the special repairs may be met from Local Funds General or Provincial Funds. They further consider that the deplorable condition of the road is due mainly to the timber traffic of the Forest Department .I concur in the opinions expressed by the District Board.

XXIV Letter No. 1989/Lb. 40-13 dated 18-8-1913 from the Secretary to Government of Mysore, General and Revenue Departments, calling for opinion in consultation with the District Board in the matter of Meeting the cost of special repairs to the portion of the Shimoga-Yedehalli Road within the Kadur District.

Resolution:- There is at present in allotment of Rs.100/- per mile. The Board regret that their financial condition is such that nothing more can be contributed by them. The Road is no doubt, in a deplorable condition but its bad condition is due chiefly to the Timber traffic of the Forest Department. The Board under these special circumstances resolve that Government be requested to provide Funds from Local Funds General or Provincial Funds.
